**Description:**

What can healthcare providers do to help victims of human trafficking? Many healthcare providers, who interact with human trafficking victims, are unaware that these crimes occur and often are not prepared to respond to victims, survivors, and those at risk. This webinar will provide clinicians with knowledge on trafficking and give specific tools for screening, assist victims in the clinical setting, and understand reporting requirements. Participants will have the opportunity to hear from a human trafficking survivor, and explore opportunities for improving practice and policy.

**Learning Objectives:**

1. Understand the background and statistics of human trafficking.
2. Describe ways in which health care providers can identify and assist victims and survivors.
3. Identify screening tools and understand reporting requirements.
4. Understand how programs and services can be designed to be more supportive and avoid re-traumatization.

**Featured Speakers:**

- **Wendy Macias Konstantopoulos, MD, MPH**, Medical Director, Human Trafficking Initiative, Division of Global Health & Human Rights; Department of Emergency Medicine, Massachusetts General Hospital; Harvard Medical School
- **Natalie McClain, PhD, RN, CPNP**, Clinical Associate Professor, William F. Connell School of Nursing, Boston College
- **Holly Smith**, Survivor of human trafficking
- **Moderator: Frances Ashe-Goins, MPH, RN, ADN, BSN**, Associate Director for Partnerships and Programs, U.S. Department of Health and Human Services, Office on Women's Health

**Continuing Medical Education: Physicians (MD or DO only)**

Futures Without Violence's National Health Resource Center on Domestic Violence is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. Futures Without Violence designates this live activity for a maximum of **1.5 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity. For more information about receiving CME credits, visit: <http://nhcva.org>
